Staff Summary:

The Shasta Regional Transportation Authority (SRTA) is currently working on a business plan for the North State Express Connect bus service between Redding and Sacramento. The bus service would connect North State communities to the Sacramento airport, train station and downtown. The business plan will quantify all costs associated with the proposed service. It is expected to be completed this spring. SRTA will, for a second time, be requesting capital funding for the project through the Transit and Intercity Rail Program. SRTA has asked for a letter of support of their project.
