Staff Summary:

On April 28, 2017, Governor Brown signed Senate Bill 1 (SB1) known as the Road Repair and Accountability Act of 2017. SB1 will provide over \$50 billion in new transportation funding over the next decade to repair highways, bridges, and local roads, to make strategic investments in congested commute and freight corridors, and to improve transit service. SB1 includes the SGR Program which provides approximately \$105 million annually to transit operators in California for eligible transit maintenance, rehabilitation, and capital projects. These funds will be allocated to HCAOG under the State Transit Assistance Program formula to eligible agencies pursuant to Public Utilities Code 99312.1.

In December 2017, HCAOG approved Resolution 17-21 adopting the SGR Program of Projects in the amount of \$211,444. The adoption of Resolution 18-02 is required to authorize the HCAOG Executive Director to execute the Certifications and Assurances, all other required documents of the SGR program, and any amendments with Caltrans.
